We are calling upon Congress to pass a resolution calling for the House Committee on the Judiciary to investigate whether sufficient grounds exist for the impeachment of Donald John Trump, President of the United States.

As of January 20, 2017, President Trump's refusal to divest from his business interests has placed him in direct violation of the United States Constitution.

The nation is now witnessing a massive corruption of the presidency, far worse than Watergate. Indeed, Nixon White House Counsel John Dean told reporters: "I don't think Richard Nixon even comes close to the level of corruption we already know about Trump." Given the opportunity of ten full weeks between the election and the inauguration to divest his business interests, Mr. Trump chose instead to announce, just nine days before inauguration, a wholly inadequate plan to step away from operations, but not ownership or income streams, of the Trump Organization. Instead, he has chosen to profit from the presidency at public expense, in violation of the United States Constitution. The violations, the corruption, and the threat to our republic are here now.
