

IMPEACH TRUMP NOW

By refusing to divest fully from his business interests, President Donald Trump has been in direct violation of the US Constitution from the moment he took the oath of office. The President is not above the law. We will not allow President Trump to profit from the presidency at the expense of our democracy.

Join us in calling on Congress to pass a resolution for starting impeachment investigation of President Donald Trump!

The nation is now witnessing a massive corruption of the presidency, far worse than Watergate. Indeed, Nixon White House Counsel John Dean told reporters: "I don't think Richard Nixon even comes close to the level of corruption we already know about Trump."¹ Given the opportunity of ten full weeks between the election and the inauguration to divest his business interests, Mr. Trump chose instead to announce, just nine days before inauguration, a wholly inadequate plan to step away from operations, but not ownership or income streams, of the Trump Organization.² Instead, he has chosen to profit from the presidency at public expense, in violation of the United States Constitution. The violations, the corruption, and the threat to our republic are here now.

The President's refusal to divest fully from his business interests places him in direct violation of: the U.S. Constitution's Foreign Emoluments Clause, which bars payments or benefits of any kind from foreign governments and the U.S. Constitution's Domestic Emoluments Clause, which bars the President from receiving any payments or benefits from the federal government or any state government other than his federal salary.

Both of these constitutional provisions are designed to prevent corruption.

This campaign is led by **Free Speech For People**, a national non-partisan non-profit organization that works to renew our democracy and our Constitution for the people, not big money and corporate interests, and by **RootsAction.org**, an online initiative dedicated to galvanizing people who are committed to economic fairness, equal rights, civil liberties, environmental protection, and defunding endless wars.

**More than 875,000 people from across the country have already joined this campaign.
Join us today and help us defend our Constitution and our democracy!**
