

IMPEACH TRUMP NOW

Join us in calling on Congress to pass a resolution to start an investigation on whether sufficient grounds exist for the impeachment of Donald J. Trump, President of the United States.

President Donald Trump must be held accountable via the impeachment process for violating the two anti-corruption provisions of the US Constitution and for committing obstruction of justice.

The President's refusal to divest fully from his business interests before taking office placed him in direct violation of: the US Constitution's Foreign Emoluments Clause, which bars payments or benefits of any kind from foreign governments and the US Constitution's Domestic Emoluments Clause, which bars the President from receiving any payments or benefits from the federal government or any state government other than his federal salary. Both of these constitutional provisions are designed to prevent corruption. The President is treating the Oval Office as a profit-making enterprise at the public's expense.

Further, there is mounting evidence that the President — in violation of his constitutional duty to take care that the laws be faithfully executed — prevented, obstructed or impeded the administration of justice by firing FBI Director James Comey in the midst of a criminal investigation into Mr. Trump and his associates. “[P]revent[ing], obstruct[ing], and imped[ing] the administration of justice” is an impeachable high crime or misdemeanor that can be effected by “interfering or endeavouring to interfere with the conduct of investigations by the Department of Justice of the United States [and] the Federal Bureau of Investigation.” (Those quotations are from the first article of impeachment against President Richard Nixon.)

The violations, the corruption, and the threat to our republic are here now.

The President is not above the law. We will not allow President Trump to profit from the presidency at the expense of our democracy, and we will not allow him to obstruct justice.

Join us today and help us defend our Constitution and our democracy!
